AND INNOVATION IN SCIENCE  
AND TECHNOLOGY.

**SPONSORS:  
PRESENTING**

One University. One World. Yours.

**PLATINUM**

**GOLD**

**Stantec**

**SILVER**

The Discovery Centre is pleased to announce its 8<sup>th</sup> Annual Discovery Awards for Science and Technology. Join us November 25, 2010 at the Westin Nova Scotian for a fun filled evening and a chance to win a trip for two to Toronto courtesy of Fraser and Hoyt!

On this evening we also honour and celebrate Nova Scotia's Science and Technology leaders – both people and companies who are at the forefront of innovation within our province and indeed our world. We will take the opportunity to introduce two new inductees into our Science Hall of Fame:

Dr Enid (Johnson) MacLeod was the first anesthetist in the world to administer a muscle relaxant during surgery.

Dr. Arthur McDonald, a Physicist, is internationally well known for his contributions in solving the puzzle of the missing solar neutrino's which has implications for our understanding of the universe.

The Discovery Awards dinner is a major fundraiser for the Discovery Centre. Funds raised will help the Centre enhance school outreach programming, public programming and school workshops. These funds will also enable the Centre to develop new exhibit pieces and bring exciting travelling exhibits from across North America to our province.

Purchasing a table to the Discovery Awards includes:

- Table for ten (10) people
- A table reservation stand with your corporate identity

Event tickets cost \$1, 500 (table or 10 seats) and \$150 (single seat) respectively. Tickets can be purchased online at [www.discoverycentre.ns.ca](http://www.discoverycentre.ns.ca) or by calling Linda Laurence at (902) 492-4422 ext 237.

Sincerely,  
Patti Dow  
Committee Member
